INTERVIEW SUMMARY

Dear Sir:

In response to the Interview Summary dated August 20, 2008, Applicants provide herewith the substance of the interview. During the interview, Examiner McCracken, Applicant, and Applicant's representatives discussed additional arguments/evidence that could be presented to to distinguish the claims from the cited references (e.g., expand upon why the separation scheme of Lorents would not work with flame synthesis as described in Howard et al.). The substance of the interview was discussed more fully in the Response filed on May 8, 2008, as noted therein.

Application No. 10/489,846
